Dear Jim,

Maybe God had another purpose when He sent you to Fort Ashby to meet the kind people living here. Possibly, He would want you to tell the rest of the country about our community in the mist of this Iraqi prisoner abuse scandal that is hitting Fort Ashby hard, since one of the accused is originally from here. The world and media was at first on a "witch hunt" here, looking for a hateful community that breed these abusive soldiers. We all have tried to show the rest of the world the loving, caring people we are, however, I hope that as you walk across this great country of ours you will tell others about the true nature of the people you met in Fort Ashby, WV.

God Bless you and keep you safe,

Lonny J. Watro
